Hi Robert and Andrew,

Attached is the Division's signed letter approving the amended stockpile locations for the Big Sage haul road and the associated increases in acreage. With this email, you are authorized by the Division to begin work on the modified topsoil stockpiles as outlined in your approved Notice.

We received concurrence from SITLA that the bond amount is adequate for the minor increase in disturbed area. Note the conditions of the approval, which involve incorporating the amendment into the upcoming Notice submittal.

You will receive the signed hardcopy in the mail in a few days. Let me know if you have questions or I can help somehow.

Peter
